

Wiper Blades

New to the range

We are pleased to officially announce availability for two Conventional Wiper Blades which have recently been added to the range.

Now in stock – and available from all locations the **DM-545** and **DM-570** offer the following:

Background:

- DM-545 high profile blade: majority of linked applications for passenger side available with driver side (DM-553, DM-555, DM-560 etc).
- DM-570 high profile blade: in some instances linked to applications already covered where the 65cm version was previously listed.
- combined coverage = 2.8% based on total EU car parc 319m
- increase of total range coverage by 0.8% (now it is 95% of Asian and 85% of EU vehicles)
