

Starters & Alternators

Introduction: 24 New Parts

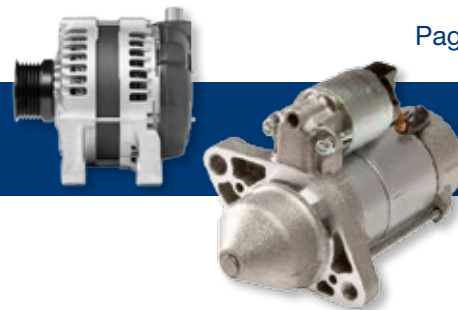

We are pleased to announce the availability of 24 new Rotating parts which will be added to our range in September & October 2016.

- > 24 new part references including **11 Alternators** and **13 Starters**.
- > Covers a total of **220** vehicle applications (**120** in Alternators and **100** in Starters) and **90** OE part numbers.
- > This expansion will bring the total number of part numbers to **353** (**249** Alternators and **104** Starters) and range coverage to **4384** applications (**2758** in Alternators and **1626** in Starters)
- > All brand new and premium OE quality.
- > Includes the first aftermarket Tandem Solenoid (TS) Stop-Start Starter (DSN1365) with innovative change-of-mind capability and patented technology enabling the engine to restart while it is still rotating and shaves up to 1.5 seconds off the restart time compared to conventional stop-start starters; a perfect solution for vehicle applications with automatic transmission.

The 24 New Parts added to the range are listed below:
